- Full Report (2010):  
[www.dotd.la.gov/planning/highway\\_safety/documents/Complete%20Streets%20Final%20Report%202007-29-2010.pdf](http://www.dotd.la.gov/planning/highway_safety/documents/Complete%20Streets%20Final%20Report%202007-29-2010.pdf)
- Work Group Meeting Agendas, Notes, Presentations, and more.

# Milestones (2008-2010)

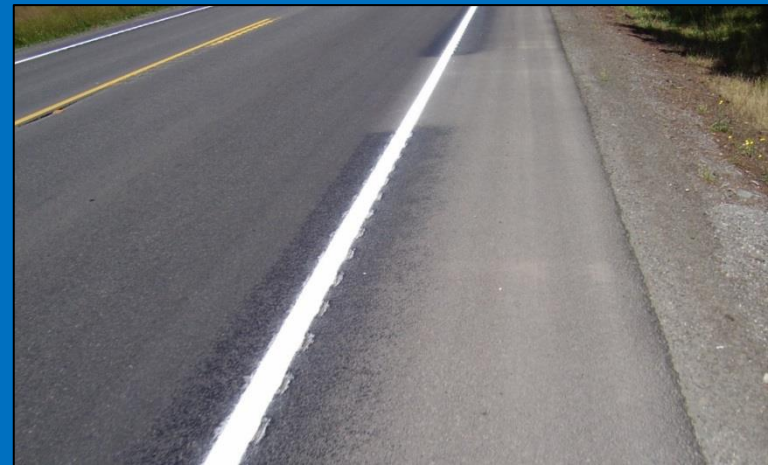

# Milestones (2010 – 2011)

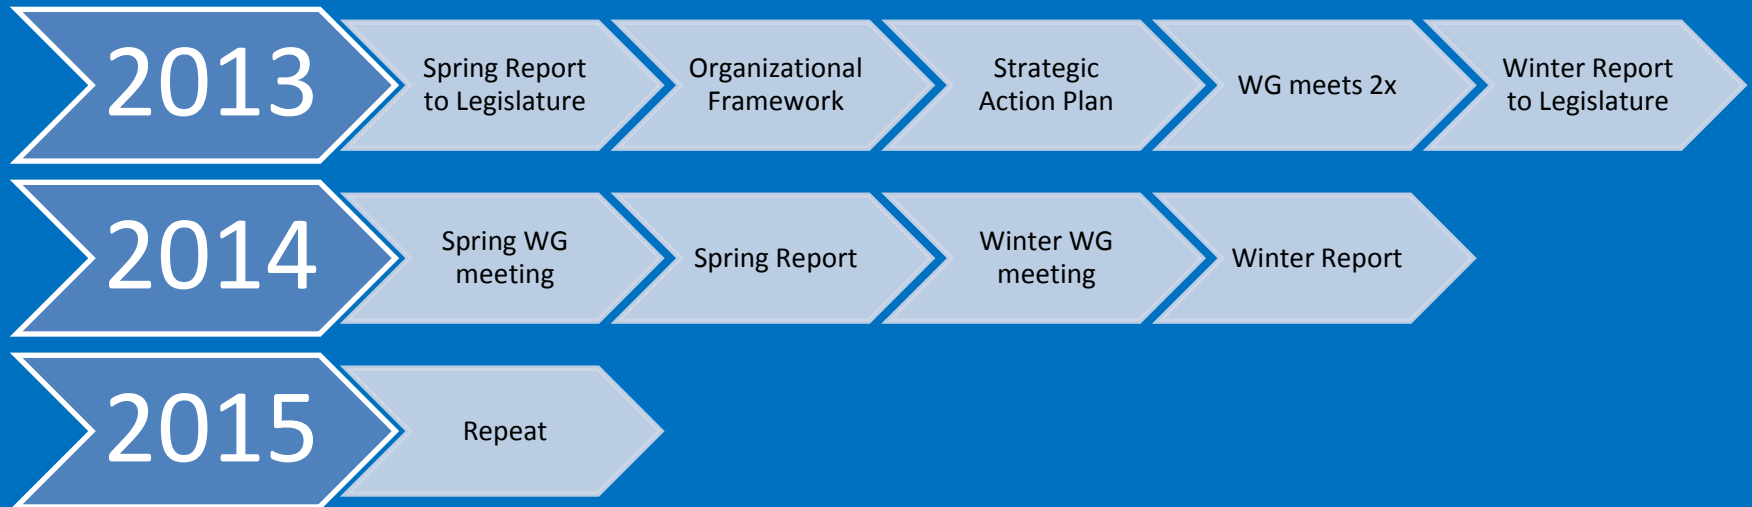

# 2012 Implementation Update

- Procedural Changes
  - Checklist adopted
- Design Guidance Changes
  - Rumble Strip Policy
- Education
  - About 500 planners and engineers trained!

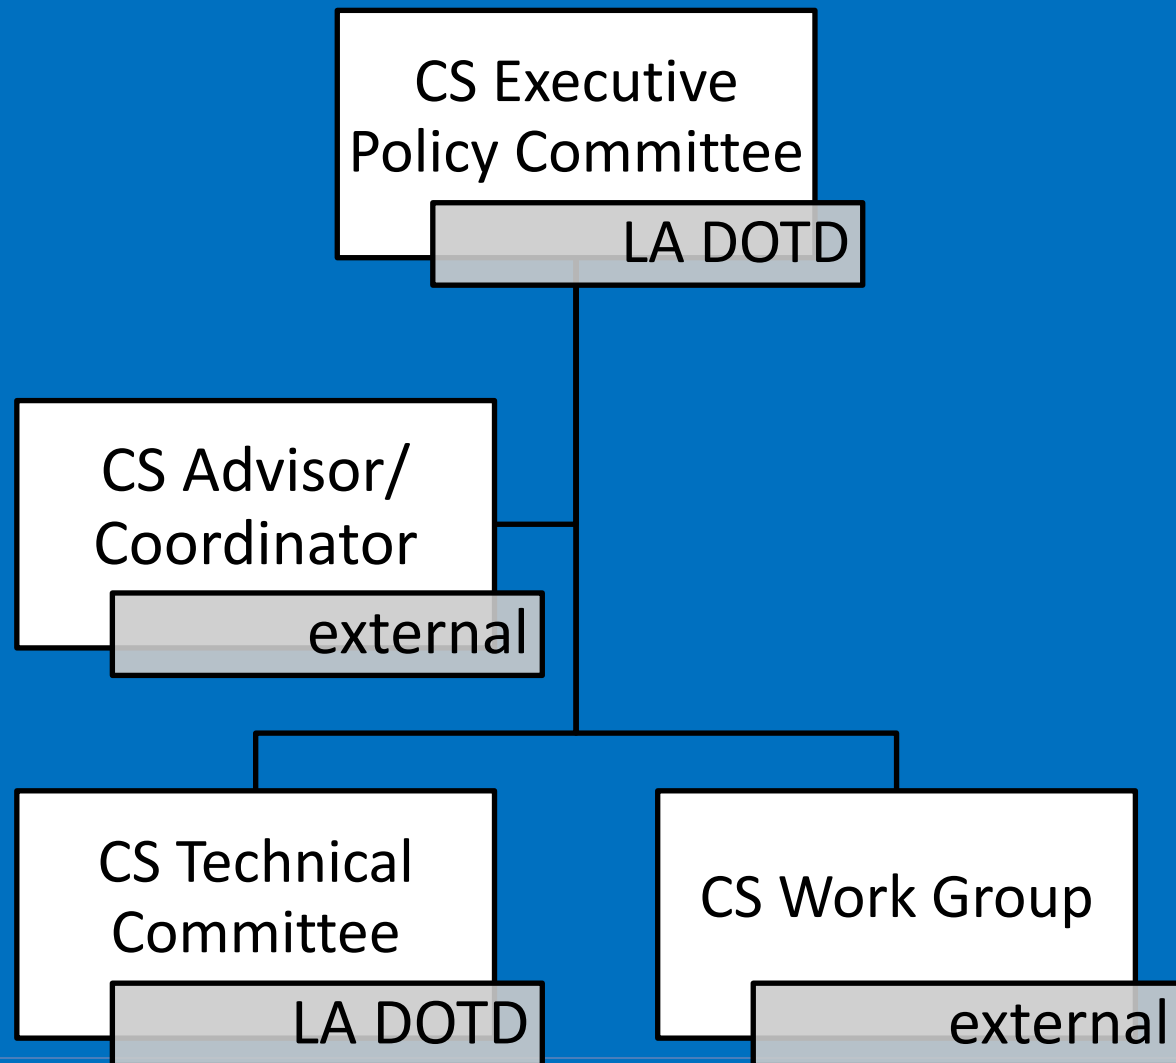

# Anticipated Milestones 2013 and beyond

Roles and Responsibilities

# Organizational framework

# Organizational Structure

# Work Group Changes

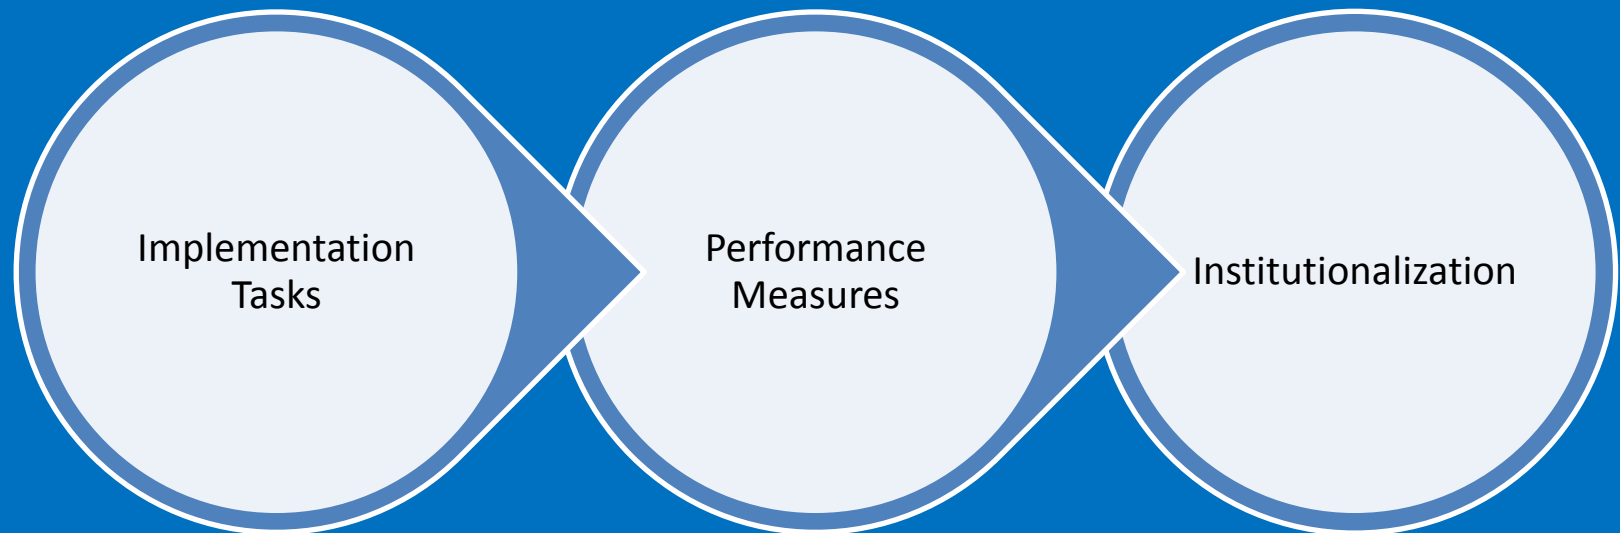

- All MPOs invited to participate
- FHWA invited to participate
- Process for additional non-motorized transportation advocacy groups to apply to participate
  - Must be transportation advocacy group (not racing, etc.)
  - Must be legally organized / registered in LA
  - Must show capacity
  - Selection will be based on capacity, modal diversity, geographic spread. Preference for statewide focus.

# Strategic Action Plan

# What does Policy Implementation mean?

- *To put into practical effect, to carry out.*
- *Performing a set of specific actions intended to produce a set of results*
- *We'll know its done when there is a “new normal” wherein the policy would never have been necessary in the first place*

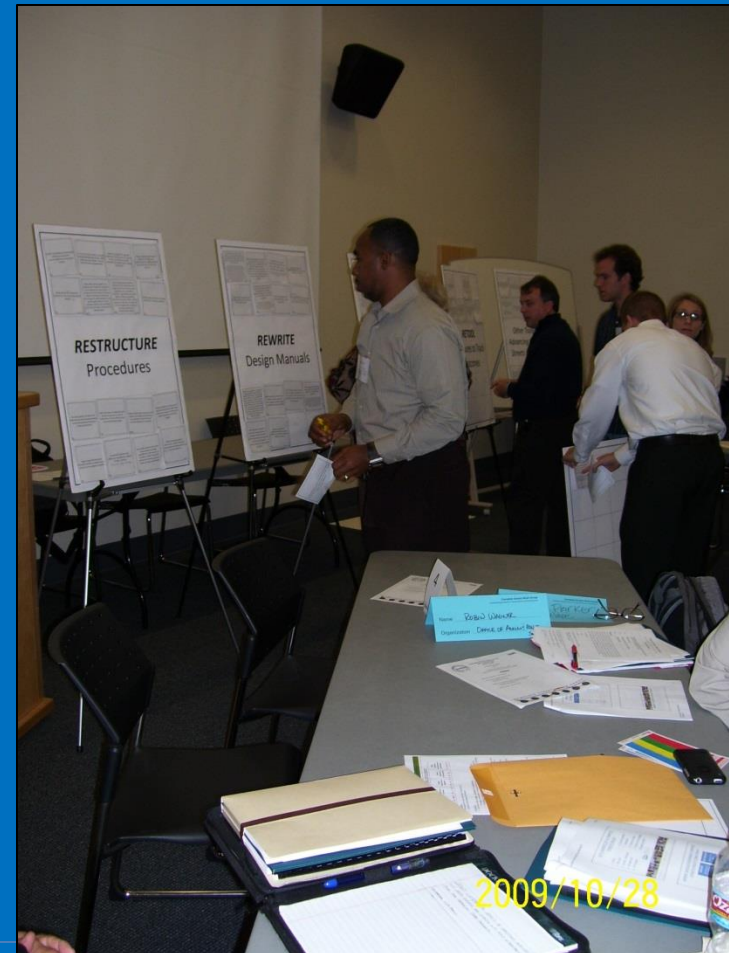

# Implementation of Complete Streets Policy

# Implementation Tasks

- Approximately 80 tasks already identified in Complete Streets Report!
- LA DOTD
  - Restructure the Procedures
  - Rewrite the Design Manuals
  - Retrain the Planners and Engineers
  - Retool the Measures to Track Outcomes
- Other tasks outside LA DOTD
  - Legislative Strategies
  - Partnerships
  - Resources

# Implementation Tasks

1. Identify completed tasks
2. Review incomplete tasks for relevancy, clarification
3. Work with technical committee on “sub-tasks”, lead, timeframe and cost
4. Work with executive policy committee on policy conflicts
5. Identify other necessary tasks
6. Repeat

# Performance Measures

- Identify the potential pool of performance measures
  - Which are currently being collected?
  - Which can be collected in the future?
  - What do they mean in terms of achieving goals?
  - How are they reported?

# Institutionalization

- Identify opportunities to integrate into existing processes
  - Work Group / Advisory Committee
  - Reporting Requirements
- Move towards culture change

# Work Group Input

# What is the Role of the Complete Streets Work Group?

- Help Set Priorities
- Serve in an advisory capacity in implementation tasks and measuring performance
  - Are the tasks identified the right ones?
  - Are they being accomplished in a reasonable timeframe?
  - What we measure and whether it indicates progress towards goals
- Help Advance Complete Streets in Louisiana outside of the LA DOTD

# Priorities Exercise

- Step 1: Familiarize yourself with the groups of tasks provided (20 minutes)
- Step 2: Using the worksheet provided, prioritize the seven groups from most important (1) to least important (7). (5 minutes)
- Step 3: Using the red dots, prioritize your top 3 specific tasks on the boards at the front of the room. (5 minutes)
- Step 4: Results Discussion (10 minutes)

# Start Thinking About Performance Measures

Example of Goal	Example of a Performance Measure	Target
Improve safety for non-motorized modes	Pedestrian injuries, pedestrian fatalities, bicycle injuries, bicycle fatalities	?
Improve safety for pedestrians	Percent of projects (categorized by type) that include each of the following: sidewalks, ADA accessible curb ramps, marked crosswalks, pedestrian signal heads, etc.	?
Improve safety for bicyclists	Percent of projects (categorized by type) that include each of the following: bicycle warning signage, bicycle lane, bicycle detection, etc.	?
Encourage non-motorized use	Bicycle count data, mode split data	?
Ensure funding levels reflect non-motorized needs	Spending by program on non-motorized portions of projects	?
Excellent Work Force	Number/percent of staff trained	?

# Next Steps and further engagement

- Implementation tasks / missed opportunities
  - Transferable lessons for implementation tasks
  - Policy conflicts
- Performance Measures
  - Start to think about goals, measures, and targets
- Other Tasks
  - What has your agency done to further complete streets?

# Question and Comments
